BRIEF SUMMARY:

Maintenance Branch has on hand at this time 539 TG-30. The TG-30 was procured for issuance with the SIGNIN in those cased where polar signals were utilized for transmission. Of the 500 SIGNIN units procured, it is estimated that only 350 will be available for long time storage, the other 150 being utilized in training schools and/or carnibalized for spare parts. It is therefore requested that AS-85 be authorized to reduce the quantity of TS-30 held in stock.
