USCIB: 14.1/24

15 September 1954

~~TOP SECRET~~

MEMORANDUM FOR THE MEMBERS OF USCIB:

Subject: Revision of the UKUSA Agreement.

Reference: USCIB 14.1/19 dated 29 March 1954.

1. Attention is invited to paragraph 2 of the reference. In discussing changes to the basic UKUSA Agreement so as to bring it up to date, the NSA Member and the Executive Secretary have agreed that to do a proper job would require a number of substantive changes to both the basic agreement and the appendices to be associated therewith. We therefore concluded that the immediate requirement would be served by the method indicated in the enclosure and that other changes should be presented separately as a complete package at a later date to be left to the discretion of the NSA Member who will be submitting the proposal.

2. The recommendations contained in paragraph 5 of the enclosure are therefore submitted for consideration and approval.

3. It is requested that the attached vote sheet be executed and returned to this office by the close of business Friday, 24 September 1954.

RUFUS L. TAYLOR
Captain, U. S. Navy
