

**DISPOSITION FORM**~~CONFIDENTIAL~~

FILE NO.	SUBJECT	DATE	COMMENT NO. 1
	Digest of Staff Conference, 22 June 1954	24 June 1954	
TO	FROM		
Chiefs of Offices and Staff Divisions	c/s		

1. RESEARCH AND DEVELOPMENT

Discussions have been taking place with COM on arrangements to set up the tube version of the AFSAM 2-26 between A and B Buildings at AHS to test the operation and to see how it fits into their requirements.

2. ADJUTANT GENERAL

Reported that a Department of Defense Directive authorizes the use of the phrase "For Official Use Only" which may be placed on publications put out primarily for official use. This term will be used on our next telephone book.

3. COMPTROLLER

a. The Director has approved the M&O Fiscal Year 1956 budget in the sum of fifty-five and a half million dollars.

b. The various Offices and Divisions have a little more than \$3,000,000 of FY-1955 M&O funds committed, and there is roughly \$700,000 committed for R/D, which will give us a start on the Director's directive that we have our funds 80 per cent obligated by 31 March 1955.

4. COMMUNICATION SECURITY

As a result of the Army Field Force tests on the AFSAM-7, a requirement that manuals withstand wetness was added. COMSEC will use water-resistant paper and linen-type covers on manuals for crypto-equipments to be used on the front lines.

5. SCHOOL

The School will move to R Building on 26-27 June.

6. SECURITY

It is anticipated that the Confidential Modified paper from the Office of Secretary of Defense will be signed this week. "Confidential Modified" does not change in any respect the classification "Confidential," but does permit certain items (such as training manuals) to be handled in a modified form.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~7. MOVEMENT GROUP

On Friday (18 June), 13 bids were received by DEED for the Operations Building at Fort Meade. The favorable low bid was submitted by Charles F. Tompkins Company of Washington, D.C.

8. EXPLOITATION

Plans are being made to transfer the Radio Telephone Training program to the School. This includes the transfer of two qualified instructors.

E. J. COGAN  
Major, USAF  
Asst. to the C/S
