WILLIAM F. FRIEDMAN

310 Second St., SE . Washington 3, D.C.

9 April 1958

U. S. Army Signal Procurement Office 9800 Savage Road Fort George G. Mesde, Maryland

Attention: BIGPQ-A8

Gentlemen:

- 1. Referring to your Request for Quotation No. 58-INN/PR-1580, dated 4 April 1958, calling for certain research and development work, I propose to furnish the services and supplies, perform the necessary research, compile pertinent data, and do all other things necessary to complete the four projects specified under Article Is of the document entitled "Scope of Work" which accompanies said Request for Quotation, for the sum of Ten Thousand Bollars (\$10,000.00).
- 2. Referring to subparagraph d of Article I of the above-mentioned document entitled "Scope of Work", it is suggested that the progress reports specified therein be on a bi-monthly basis rather than on a monthly basis, as reporting on the bi-monthly basis is thought to be adequate and will save paperwork for you as well as for me.
- 3. a. Referring to the note at the end of the above-mentioned document entitled "Scope of Work", stating that "In all other respects the terms and conditions of Contract No. DA49-170-sc-1739 shall apply", it will be quite satisfactory to me if Articles IV, V, VII, and VIII of the referenced contract will serve as similarly-numbered articles of a new contract to be based upon this bid, if accepted, in response to your present Request for Quotation.
- b. With respect, however, to Article VI ("Government Furnished Property and Assistance") of the new contract, it is suggested that said Article be modified to read substantially as per Inclosure 1 to this bid rather than as in the previous contract, in order to specify in more detail the items and assistance which will be required for a mutually-satisfactory execution of the new contract.
- 4. The sheet entitled "Contractor Information" has been duly completed and accompanies this bid.

Very truly yours,

WILLIAM F. FRIEDMAN
