To the Vice Minister", from Wakasugi.\*\*

I respectfully acknowledge receipt of

your telegram.\*\*\*

Because of various duties at this office it requires a long time for a secretary alone to handle long messages and the increased volume of traffic in connection with this matter.

(My message #272 \*\*\*\*\* required 6 men working

for 6 hours.)

With the opening of negotiations, the volume of telegraphic traffic is bound to increase tremendously. As time is at a premium in handling these communications, you can well appreciate the inadvisability of having only the secretary handle this work. Furthermore, it goes without saying that the increased traffic will interfere greatly with other duties of this office.

However, fortunately, our communication clerks have been constantly reminded of the necessity of maintaining security, and they have faithfully adhered to this policy in their work.

Although I appreciate the intent of your telegram \*\*\*\* from the standpoint of security, I, nevertheless request your authorization to enlist the aid of Horiuchi, Hori, and Kazuwara to handle communication duties under strict supervision.

Also please authorize me to have Kawabata of Chicago come here temporarily to assist us in our communication work. (Bring all codes and do his work in this office)
