SSA Message 27065.

Recently an unsuccessful search was made in Signal Security Agency's files for the original intercept and work sheet of the attached message (SIS No. 27065; Navy No. JD 8007). There is a possibility that it is in the files of OP-20-G and it is requested that a search be made there for the documents desired.

In view of the present situation, the presence in port of warships, airplane carriers, and cruisers is of utmost importance. Hereafter, to the utmost of your ability, let me know day by day. Wire me in each case whether or not there are any observation balloons above Pearl Harbor or if there are any indications that they will be sent up. Also advise me whether or not the warships are provided with anti-mine nets.
