

Dear Elizebeth,

Annie and myself are now in Zug again, after a good trip by car and rail. Our stay in Sweden was this summer longer than usual, although the weather could have been much better. We had the great pleasure of having Margareta, Ingrid and their children with us at Sandhamn and Sundsvik, and after they left July 11th, we went alone to Fryksås, for our usual berry- and mushroom picking.

We should have left for Menton by now, normally, but we decided this time to go for three weeks to Baden Baden, to get some "cure". If we get hotel room, we expect to leave on the 8th.

We should then stay about 8-10 days again here in Zug, as we expect a military visit from India the first week of November. We will then see if we go to Menton after that or not, and we are also undecided with regard to where to spend the Xmas holidays.

But a plan to visit the US has been slowly maturing, and if everything goes as it should, we shall sail from LeHavre for Newyork, on the S/S United States, Feb. 6th.

We do hope that we shall find Bill and yourself in a good condition, and that we can have a nice reunion.

We are of course planning a family reunion also, and I have asked Bo to get together with Margareta and Ingrid and try to agree on a likely spot for a post-golden wedding-celebration. Apart from that we would certainly visit them, ^{all} we havent been to Palo Alto yet, and neither have we seen Margaretas new home in Birmingham.

The Crypto business is going along as usual, and in addition to the daily work we have the construction of our new works to look after. The piles have been driven, and if all goes well, we should be able to move in at the end of next year. There will be a library, as planned, and I do hope that we could have a talk about Bills library when we meet.

Now I have to put a "full stop" to these lines. We do hope that all is well with you and yours, and we send you our love and affectionate regards.

Sincerely
