Mr. Richard V. Andree
University of Oklahoma
Norman, Oklahoma

My dear Mr. Andree:

Your two articles in recent issues of "Scripta
Mathematica" and "The Mathematics Teacher" suggest
that you may have a sufficient interest in the field
of cryptology to wish to enter it professionally. If
you have, I will be glad to send you application
blanks which, upon completion, you may return to me
for consideration.

Very truly yours,

WILLIAM F. FRIEDMAN
Consultant
