## CAPTIENT LA

Mr. John C. McFherson Vice President International Business Machines Corporation 590 Medison Avenue New York 22, New York

Bear John:

In accordance with decisions made at the last meeting of the Mational Security Agency Scientific Advisory Board, this Agency has made the initial contact with the prospective panel members in the manner cutlined in the Director's letter to you of 9 February 1954.

The inclosed list of panel numbers indicates the current status of each prospective panel number.

Only one man on the Electronics Panel has not yet been contacted in regard to panel membership. This is Martin Joos, for whom clearance action had previously been initiated. He will he contacted as soon as favorable results of the action are reported.

Only those who are currently listed as indoctrinated can be immediately used for Agency business. Those who are crypto cleared can be called upon with the understanding that they be indoctrinated before becoming engaged in Agency business. This indoctrination can easily be accomplished on their first visit to the Agency.

As the status of the individuals in the pending of "unbeard from" extegories changes, you will be informed so that your panel list can be kept current.

I am looking forward to seeing you at the 20-21 April meeting of the Board.

This letter may be declassified when the inclosure is removed.

Sincerely,

VILLIAM F. FRIEDMAS
EXECUTIVE Secretary
MEA Scientific Advisory Board
